**Internship Opportunities**

**About Us:**

Essex County Office of Public Health Management is organized to improve the overall health and welfare of Essex County residents. The primary focus of the ECOPHM is to ensure health equity for Essex County residents as well as facilitate timely and effective responses to public health threats and emergencies.

ECOPHM promotes the welfare of the Essex County population, ensures its security and protects it from the spread of infectious disease and environmental hazards. ECOPHM helps to ensure quality care to benefit the Essex County residents.
